

October 21 2012 Presidential Speech Miguel Orlando Collins

Greetings in the divine name of His Imperial Majesty Emperor Haile Selassie I the first conquering Lion of Judah.

Psalms 33.. How good.....

Under the auspices of the Black Monarch brought forth by the hands of the Almighty, through the sovereign throne of Ethiopia our gracious King David iledct of Jah, with the bloodline passed unto our Majesty King Solomon, with continuance unto our present Jah and King Emperor Haile Selassie I the first. Through the union of Solomon and Sheba. As proven in Acts chapter 2 verses 29 and 30.

As President elect of the Theocracy reign Government, please allow me to thank you all for being here with your minds steadfast, your eyes fixed on accountability and with keen interest, your zeal to see the perfect, just and true administration of the Nyahbinghi theocracy reign Order of His Imperial Majesty Emperor Hail Selassie I the first. Your presence as I can assure you makes a difference in time, thank you.

As I address the Royal Sovereign Ethiopian Nation, please allow me once again to pay my utmost respect to the Ancient Council of the Nyahbinghi Theocracy Reign Order of His Imperial Majesty Emperor Hail Selassie I the first, and the Nyahbinghi family, also to the Ethiopia Africa Black International congress, founded by our High Priest Prince Emanuel Charles Edwards, the Haile I Selassie I Jah Ras Tafari Royal Ethiopian Judah Coptic Church, to the 12 Tribes of Israel, representatives of the Ethiopian World Federation and all other Royal and Noble dignitaries of the Ethiopian Empire. Your conscious and precise decision in making our tradition, Roots and culture of Africa be so firmly preserved and maintain, makes us as your children today very proud and thankful as we are poised at getting to the world in this 21st Century. We command you greatly as our Vanguard and Custodians of the faith.

We whole-heartedly with just, honesty and truth with African blood coursing through our veins adhere to live and abide by the Constitution and Law of Ethiopia even through the Fetha Negas and canon. As the Theocracy Reign we hereby this day with the help of the Almighty, make it our Paramount duty to organize and centralize all mansions of Ras Tafari as to have One Voice representing the Africans in the Diaspora. We must then seek often meetings with the heads of Government, of the World on matters concerning the Blackman Redemption and Repatriation not excluding Reparations to our heavenly home Ethiopia Africa. We must by any means necessary find in our divine time to appoint delegation consisting of our Priest and elders to make visitation to the Continent Africa to meet with Priests, Presidents, Kings, Queens and all heads of State about our rights to return as black people of the Diaspora who so desire.

It is good to have you here on this day where we host the inauguration of our elected President of the Theocracy Reign Order of the King, His Imperial Majesty Emperor Haile Selassie I the first. I would like to say to all a very pleasant welcome. Please may you find it in your convenience to be a part of your own structured Government of the Monarch of the black throne of King David. We are very aligned with all the royal and Indigenous Tribal people of our Nation and Islands. We have long suffered under the hands of the Slave masters who have manifested themselves into the present day Government systems. We cannot allow the ignorance of mis-education to distract us from a course set by our ancestors and Pioneers of the Black Liberation struggle. We must now use the blessing of our Unity and the spirit of love for our nation, continent and Ancestors to make us strong to push ahead for the long awaited Redemption of our People.

With all our skills and education we must amalgamate the black world of People and start our development in Africa on lands being designated by our Chiefs and Government of Africa.

The damage cause by the Trans-Atlantic Slave Trade to Africa and its peace loving People must be repaired by the same ones who have benefited from it. There are set Laws put in place by the United Nations that they must all observe in our redemption and development. We must closely observe the OAU now the AU and even so direct them as to our pathway home to Africa. As we all know His Imperial Majesty founded this Organization from 1963. We need a United Africa, an educated Africa, a spiritual and churchical Africa as to ward off the colonial ways of the Slave Masters and Predators. This inauguration is another stepping stone towards our way home. We are to gather all Mansions of Ras Tafari so as to have one voice in representing us. We are not to take part of the colonial ways nor be apart of any of their Organizations. We must continue in the ways being thought to us by the Elders. We the people of the African Diaspora need to go home now, hence the term "Repatriation Now". All our Meetings must be attended and minutes properly documented, service also must be kept as often as can be. If the Foundation be destroyed what would the righteous do. We need now to put our differences aside and step forward to Africa and its development.

At the launch of OAU of 1963 Haile Selassie as the first Chairperson said:

"We name as our first great task the final liberating of those Africans still dominated by foreign exploitation and control." He continued, "As we renew our vow that all of Africa shall be free, let us also resolve that old wounds shall be healed and past scars forgotten and memories of the past injustice shall not divert us from more pressing business at hand. We shall live in peace with our former colonizers shunning recrimination and bitterness and foreswearing the luxury of vengeance and retaliation, lest the acid of hatred erode our souls and poison our hearts." So today we can say, without fear of contradiction, that indeed the founding generations defined and fulfilled their mission to liberate the continent from Colonialism. It is up to us, to now define our own mission, it is up to us to fulfil it and not betray it.

Now that the Ras Tafari movement is well aware that in order for Repatriation to come about there must be a Government to Government interaction not Government to Organizations. We as Ras Tafari people is most familiar with the term Theocracy Government, Let us look closely at the word theocracy GOVERNMENT: This simply means righteous Government meaning people who are righteous will naturally govern themselves in a righteous manner, seeing that Emperor Hail Selassie I manifested himself as the most righteous he naturally is the Head of the Theocracy Government to which the ancients of days precede over this day spiritually. King Ras Tafari sealed this manifestation in showing to the world that he is the defender of the faith. Not only did His Imperial Majesty Emperor Hail Selassie I showed that he was the head of all churches therefore head of the Theocracy Government Globally but he also proved himself on a humanitarian level that he is the conquering Lion of Judah by preserving the Sovereignty of his Kingdom Ethiopia and its Islands, Ethiopians at home and abroad. This he sealed up in 1966 when he grace our shores of Jamaica and redeemed us by speaking these words, that the Ethiopians and Jamaicans are brothers and sisters by blood and he further instruct the Jamaican Government to be in oneness with the OAU so that their desires could be internationally represented Governmentally with the strength of a United Africa.

The Government of Jamaica did not accept the invitation because they do not reflect our interest in anyway or time. The History of the Ras Tafari Movement proves clearly that the Government in Jamaica has been most repressive to our movement than to assist I&I as our Government to address our needs of Repatriation Governmentally.

Therefore the Ras Tafari movement today is not prepared to go to the Jamaican Government with our cry for Repatriation as a church or Organizations but rather, will put in place a legal constitutional representation of the Indigenous People and culture of Jamaica, to address the relevant Government who are able to assist us as a Government. We are now putting in place ourselves as the true Indigenous Government of Ras Tafari with a President Elect for the black people in the Diaspora.

Apart from the Ethiopians black People the only other black People who made a significant contribution to preserving their Sovereign rights to govern themselves, as the Maroons who are the Hebrew Akans Empire as they have conquered the British Army in 1737. Therefore I&I show great gratitude to our ancestor Lord Gujoe and Mama Nanny for their accomplishment and today we will utilize the positive side of that Treaty with the Ras Tafari community, the Revivalist and the Kumina to put in place an Indigenous Representation that will be legally recognize by International Laws to have Serious Government to Government dialogue on Repatriation as The Ras Tafari main and first objective. All the victories, battles and valour of our Fore fathers and Mothers are to free us from bondage and unite us as a people to go forward to Ethiopia Africa.

Through the Powers of His Imperial Majesty Emperor Haile Selassie I the first conquering Lion of the Tribe Judah. Thank you.
