

1st report of the planning phases for the Rastafari Expedition to Harar, Ethiopia, InI New Jerusalem November 2009

Pleasant Greetings to the global Family:

“ Today, the people of the world are about to succeed in overcoming the barriers of time and space by living as members of a closely linked family of nations as a result of the advances made by modern science and technology... How best then can a world more united, people more intimately linked, attain the noble goal of further strengthening the spirit of international co-operation, establishing an atmosphere of mutual understanding and comprehension, and making an effort for creating a world of supreme peace and happiness? The answer to this fundamental question must be provided by the United Nations Organization (Rastafari world over – emphasis mine) which is now observing in the twentieth anniversary of its founding. (To Rastafari observing the 1st year of Ethiopia’s New Millennium). On the occasion of this 20th anniversary observance, it is indeed timely to contemplate what this organization is, (What Rastafari is) what are its potentialities and on the assessment of its achievements during the past twenty years (Rastafari past 39 years – emphasis mine) to project what it should be - ...”

Excerpts from H.I.M. speech to the U.N. on it’s 20th Anniversary

I hope the Emperor’s words and few of I inserts above provide some insights on the notes below.

Since the sealing of the Nyahbinghi Consultation during His Majesty earth strong 2008 in Jamaica. I sent word sounds to the global family of a plan for a Rastafari Expedition to trod to Harar, Ethiopia, November 2009 (see attached document). This plan was presented to the Ancient and Administrative Councils of the Nyahbinghi during the consultation and a vote of confident and blessings for the trod was granted to InI. The concept of this trod surface around reasoning on the way forward with ones such as Ras Ibo Ashanti, Dr. Jahlani Niah, Ras IvI, Sister Iffiya, Ras Iration I, I and many ones.

Thereafter, I have received feed forward from several members of the global Rastafari in support of the trod and recommendations were also provided. Ones from Ethiopia – Mama Desta, USA – Ras Liontree, Ras Makuto – Chile, Ras Benigad – Germany, Sister Mary Dread – England, Dr. Jahlani – UWI, Jamaica and other from Hispanic America and the USA. The names are ones who made committement to be coordinators of the same.

- *Mama Desta, coordinator in Ethiopia to liaison with Government and assist in accommodation, meals and transportation. Her recommendation is for InI to provide a proposal for the trod.*
- *Ras Liontree, coordinator travel logistics and disseminator of information.*

- *Ras Makuto, graphic designer for the promotional of the trod.*
- *Ras Benigad, coordinator in Germany, needs an official letter of charge.*
- *Sister Mary Dread, coordinator in England and website manager.*
- *Dr. Bongo Jahlani, liaison for UWI and JA Government. Recommend that the trod also serve as a vehicle for a Rastafari African conference.*
- *Ras Sela, coordinator for Rastafari Anglophone and Hispanic community.*

With this in place, InI can start the preparation of a proposal which will serve to meet with any government official of any country where Rastafari people reside.

I hope that with this 1st report the Nyahbinghi Order and the Millennium Council can set in motion readiness for one in Jamaica to make the trod.

Perfect Ises, Sela.

October 5, 2008 – Presentation of 1st report shown above to members of the Nyahbinghi Ancient/Administrative Councils and several members of the Millennium Council

Greetings:

During the 1st Sunday meeting of the Nyahbinghi Order held at Pit Four, Nyahbinghi Center, Montego Bay. I presented the written 1st report of the planning phase of the Rastafari Expedition schedule for November 2009 and Attached was the 1st communication I forwarded to the global family.

In attendance were Bongo Tawney, Binghi Ken, Irie Irons, Bongo Joe, Bongo Mannie, Sister Norma, Bongo Isaac, Ras IvI, Ras Flako, Sister Iffiya, Sistren, Ras Carver, Ras Irico, Ras Garth, Ras Imo, Sister Maxine Stowe, Priest Dermot Fagan- and members of his congregation and many ones.

The presentation was well acknowledged and further reasoning is forthcoming for proper preparation among the family in Jamaica. However, a question surface on who will be sponsoring the air fare and logistics for the trod.

I replied that this trod is voluntary and it is not a mandate but ones must be encourage to participate since this will be the 1st organize trod to Ethiopia to deal with repatriation, economics, spiritual/cultural matters on a diplomatic level with the Ethiopian Government.

From this point, InI must now forward this communication to the global family to reason during the coronation Ises. It should be one of the issues on ones agenda. This I recommend that ones view below for reasoning purpose during the Ises:

- 1. After the Coronation Ises, it is intended to have a delegation meet with the Ethiopian Ambassador in Washington D.C. to present a formal proposal of the trod. More so, a meeting with the Crown Council must be a priority.*
- 2. Ones need to forward concerns in order to bring forth a collective proposal to the table. Also, representatives must be selected to meet with the Crown Council and the Ethiopian Ambassador.*
- 3. The trod itinerary must be plan and coordinate in order to put out an effective promotional package. Here are some recommendation for the same: the trod date Nov.1 – 21, which include Ises at Shashamane Nov. 2 – Nov. 4 , 1st Rastafari African Conference suggested by Dr. Bongo Jahlani Niaah, needs coordination on the continent Nov. 5 – 8, Meeting with representative the Rastafari family and Ethiopian Government Nov. 9, trod to Harar Nov. 10 – 14, Axum, Gondar, Lalibela and other destination needs input from ones & ones.*
- 4. Since this is an International Rastafari effort and it is voluntary, how will the houses and mansions create harmony to move this trod and assist? Since this will be historical and will be documented on a professional level and will be the property of the Rastafari nation.*

I hope this serve as template for great and glorious reasoning during His Majesties Coronation Ises. So kindly pass this communication to the global Rastafari Family and forward all concerns to the Nyahbinghi Order, the Millennium Council, Bongo Jahlani, Mama Desta, Ras Liontree, Ras Benigad, Sister MaryDread, Ras Makuto and Ras Sela. Just check the emails listed on the email this document is attached.
